
LM AERONAUTICS SUPPLIER ALERT

Date: 11/22/2019

SA Number: **SAF35-2019-013**

Initiator: Jason Hoheisel
Material & Process Engineering
Material & Process Engineer, Staff

Type of Alert: Information Only

Suppliers Affected: All F-35 Production Suppliers and All Build-to-Print Suppliers

Applicable Programs: F-35

Affected Sites: All

Subject: Electrical Bond Meter Approval List per 2ZZP00010/EMAP A521.0002

Purpose: Notify Suppliers of Meter Removal from EMAP A521.0002

Message/Text:

Due to a recent supplier disclosure related to electrical bonding, a re-evaluation of electrical bond meters is underway. As part of the investigation, it was discovered the bond meter in use did not have sufficient resolution to support the measurement needed.

The following electrical bond meters on the F-35 Program approval list (EMAP A521.0002) will be removed from EMAP by December 1, 2019.

Product Name	MFG	MFG Location
GOM-801H	GW Instek	New Taipei City, Taiwan

If you are currently using this meter and have any questions about its removal or questions regarding this Supplier Alert, please contact your assigned Supplier Quality Engineer.
